CUISINE & CRAFT BEER

MANITOU ★ SPRINGS

Welcome to Creekside Cuisine & Craft Beer located inside the historic Spa Building in Manitou Springs, Colorado. Once used as a mineral water bathhouse or spa, the building now is home to stores, residential units and other locally owned businesses and is on the National Register of Historic Places.

The original bathhouse was built in 1882 to 1883. Visitors to the bathhouse could bathe in a cool plunge pool, relax in hot mineral water baths, visit the physician or relax in one of the reading rooms.

Built in 1902, the Spa Building served infirm and healthy people. One of the resources in the Save America's Treasures project, the hotel and spa resort building retains its original marble floors, bar and murals. Before it was renovated in 2005, it was vacant due to flooding and disrepair.

Within the Manitou Spa Building is Soda Spring, one of several natural mineral springs located nearby. The spa was the "town's social center" from the late 1800's to the early 1900's.

In 2015 Creekside Cuisine & Craft Beers opened for business on the first floor of the Spa building serving locally brewed craft beers and an extensive menu of mouth-watering burgers and pub favorites. Also featured are select pies from the original award winning Borriello Brothers Real NY Pizza.

Relax on our outdoor patio situated next to Fountain Creek, grab your favorite cocktail at our rustic bar or savor one of our popular dishes in our warm and friendly dining room. Creekside Cuisine & Craft Beers also offers a private banquet room for your parties, meetings or for larger groups. Once again the Spa Building has become the "town's social center" and the favorite of locals as well as tourists.

.....

We invite you to visit Creekside Cripple Creek in Wildwood Casino located 45 minutes from Manitou Springs – 1st casino on the right.
